🎓 Recruiter Quick-Start

Hi! PARIS Career Fair · 2 pages

🔐 Sign in · 🔎 Find · 📄 Open CV · ✅ Mark · 💾 Save · 📊 Track · 🔄 Refresh!

1 Sign in

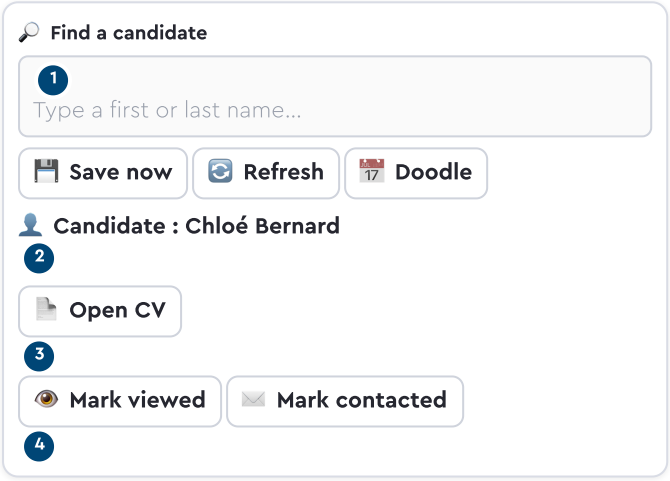

1. Username
2. Password (given by the organisers)
3. Click **Sign in**

Use **your own sponsor's** app link

On shared devices, use ↪ **Log out** in the header when done

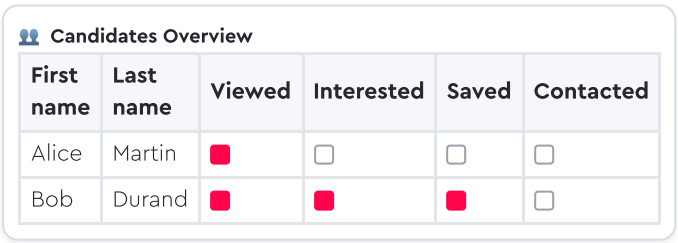

2 Find a candidate → open the CV

1. Type a name; accents and capitals don't matter (*chloe* → *Chloé*)
2. Check you picked the right person
3. **Open CV** opens the PDF in a new tab (allow pop-ups; on iPhone use Chrome)
4. Mark **viewed** / **contacted** in one click

> 👯 Two people can share a name. Check the CV before marking.

3 Update the overview table

- Tick the boxes directly.
- ⚠️ **Names are read-only: you can't edit them here.**
- **Viewed** looked at · **Interested** follow up · **Saved** CV kept · **Contacted** reached out
- With a candidate selected, only that person shows. Clear the search to see everyone.

4 Save

- Autosave runs about **1 second** after your last click.
- Press 💾 **Save now** to force it.
- **Wait for** ✅ before closing the tab. ❌ Save failed keeps your changes: press 💾 **Save now** again.

🔄 Working together: Refresh

Several recruiters can edit the same list at the same time. Here is how to stay in sync.

Your screen is your own copy. When a colleague saves, your browser does **not** necessarily update right away. Press **🔄 Refresh** to fetch the latest shared list and merge it with your work.

👷 **Recruiter A**	🔀 auto-merge	👨‍💼 **Recruiter B**	✅ both kept
marks Alice as *Viewed*		marks Bob as *Contacted*	

🟢 Press 🔄 Refresh …

- **when you start** working
- **before** relying on a colleague's status ("already contacted?")
- when a colleague says *"I just updated the list"*
- if something looks out of date
- **before you finish**

🥇 4 golden rules

1. **🔄 Refresh when you start, then edit.**
2. **Wait for ✅ All changes saved** before you close the tab or press **🔄 Refresh**.
3. **Split the work** (e.g. by alphabet) if two of you edit at once.
4. **Conflict message** or banner *"Another recruiter made changes…"*: save, then **🔄 Refresh**, and check the final checkboxes.

🔀 What the merge does

Situation	Result
Different candidates	✅ both kept
Same candidate, different boxes	✅ both kept
Same box, same value	✅ fine
Same box, different values	⚠️ **your value wins** + message

💡 Refresh never replaces your own unsaved work, but it is **not** a save button either.

5 Track progress and filter

📊 **Candidates tracking**

👥 **120 candidates** · 👁️ 45 viewed · 👍 18 interested · 🫰 12 CVs saved · ✉️ 9 contacted

Filter candidates: **Interested** ▾

- The summary line counts **everyone**.
- Pick **All · Viewed · Interested · CVs saved · Contacted** to build your follow-up list.
- Changing the filter keeps your edits.
- Refresh first for a team-wide picture.

6 📅 Doodle

The **📅 Doodle** button opens your sponsor's booking board. Students book 5-minute slots through the QR code; you use the button to see who booked.

🆘 Quick fixes

Problem	Try this
CV does not open	Allow pop-ups · iPhone: use Chrome · else tell the organisers (file may be missing)
A colleague's edits are missing	Wait for ✅ saved, then **🔄 Refresh**
❌ Save failed	Press **💾 Save now** · keep the tab open · tell the organisers if it repeats
Can't sign in	Right sponsor app? Retype the password
